ABOUT PRE-CONFERENCE WORKSHOPS

This year, the Society will be organizing two pre-conference Workshops parallelly on 10th November 2011.

Workshop-I: “Concepts, Principles and Application of Nutrigenomics”. This workshop is open only for teaching faculty of nutrition / home science colleges. Participation for this workshop would be limited to a maximum of 30 members on a first-come-first served basis.

Nutrients are known to modulate DNA replication, transcription, translation and post-

transcriptional / post-translational modifications. These changes influence the expression and function of proteins which are postulated to cause the global epidemic of non communicable diseases. Understanding these processes require research tools.

Nutri-genomics, considered a cutting-edge area of research, encompasses genomics, transcriptomics and proteomics and deals with modulation of gene expression by nutrients.

This workshop proposes to familiarize the delegates with the methods currently in use to assess the effects of nutrients on gene expression at different levels. This includes demonstration of techniques in addition to lectures on the topics. Scientists with expertise in these areas, both from NIN and sister organizations in Hyderabad shall be the faculty for this workshop.

Workshop-II: “Methodology of nutrition assessment and body composition”.

Participation for this workshop would be limited to a maximum of 200 student members pursuing a Master’s Degree / Ph.D. in Nutrition on first-come-first served basis.

This Workshop is aimed at providing an overview on the use of certain basic tools of nutritional assessment such as anthropometry and BMR. Topics covered will include a lecture on Z scores, WHO growth standards, anthropometry techniques such as measurements of height, weight and circumferences to fat-fold. Body composition techniques will include methods of measuring the BMR and the respiratory quotient.

The participants will have the opportunity to listen and discuss with the experts and get trained under the supervision of the experts.

Registration fee

Registration will be confirmed only on receipt of the registration fee. The registration fee covers conference documents, breakfast, lunch, tea and dinner. The last date for payment of registration fee for the conference **without late fee is 30th September 2011**. Please see the table for registration fee structure.

Participants who intend to participate in the Pre-Conference Workshop should remit an additional amount of Rs.1,000/- for Workshop-I and Rs.500/- for Workshop-II, along with the prescribed registration fee as applicable for the main conference. The **registration form** can be downloaded from the NSI website.
